

Engenia®

Herbicide

Bulk & Mini-Bulk Storage & Handling

Product Details

- Soluble liquid formulation with low viscosity that will not plug up filters or screens
- Density = 10.382 lb/gal
- Teflon® and EPDM seals are recommended
- Viton® components are not recommended

Storage

- Drain pumps and blow out lines of all remaining product prior to storage
- Engenia® herbicide freezes below 10°F and is stable under conditions of freezing and thawing
- If frozen, allow to thaw and recirculate one to two tank volumes prior to use
- DO NOT store above 110°F

Engenia Herbicide is a US EPA Restricted Use Pesticide.

Additional state restrictions may apply.

Best Use Recommendations

- Always recirculate 1 to 2 tank volumes prior to use
- Flush measuring systems between products
- Use designated lines and measuring equipment when possible to avoid cross contamination
- Use lined hoses to minimize cross contamination
